Its been a long, exciting and fulfilled ride to today and rather exciting to be known nationally and respected as a deejay in Nigeria. With the recent out-burst of numerous disc jockeys, only a few stand out, of course our review separates DJ Chascolee from the plethora of slapdash DJs.

Chascolee has been able to infuse his vast education into the mathematics of "DeeJaying", his musical rotation is very calculated; in the club, you will just keep dancing for hours and subsequently scream at a switch of music, of course he knows what tickles your fancy. If you wanna catch him spin the turn table then you better be at the classy "Bungalow" on Saturdays and "Tribeka" on Thursdays. "The turn table wonder" as sweetpikin concept chooses to call him, is extending his artistry into a creation of his DJ album titled, "commercial mix tape", this work gathers over 70 artist, "wow!" this is
